

The simplest and most secure way to sign in to your Google Account

Passkeys are an easier and more secure alternative to passwords. They let you sign in with just your fingerprint, face scan or screen lock.

[Get passkeys](#)

Simple

Passkeys offer a convenient and simple experience that uses your device lock, such as your fingerprint, face, pin or pattern to sign in to your Google Account.

Secure

Passkeys provide the strongest protection. They can never be guessed or reused, helping keep your private information secure against attackers.

Private

Your biometric data, such as fingerprint or face scan, is stored on your personal device and never shared with Google.

Easy as 1-2-3

Sign in to your Google Account, set up your passkey with your device, and you're all set!
