

Change your password

Follow these steps to change your Login.gov password.

- 1 Enter your email address at <https://secure.login.gov>.
- 2 Enter your password.
- 3 Click the “Sign in” button.
- 4 Authenticate using one of the methods you set up. You will then be taken to your account page.
- 5 Select “Edit” next to the password field.
- 6 Enter your new password.
 - To help prevent identity theft, consider strengthening your password by using:
 - Unique phrases that only you recognize
 - Multiple words with spaces to get to 12 characters
 - Numbers and special characters
 - Your password must have 12 or more characters and avoid combinations such as:
 - Common phrases or repeated characters, like abc or 111
